Bhumi Enterprises

<http://www.bhumienterprises.net/>

Achieved number one position in the market since our inception, we are the best manufacturer and supplier of Machine Components. Also, these products are used to carry out vital industry operations.

About Us

We, **Bhumi Enterprise**, have a faced many ups and down in the market since from the year **2000**, in this long period of time we have become one of the biggest manufacturers and suppliers of Machine Components. We do offer Bevel Gears, V-Belt Pulleys and Industrial Couplings in appropriate price ranges. We work actively at our unit, hence preferred in the market for our quality, ethics and promptness. These products having a huge demand in the market, thus we follow rigorous production measures, so as to deliver on time. Also, manufacturing of this range is done abiding by the guidelines of the industry. Moreover, we assure that characteristics of provided products have high capacity and long functional life.

At our modern production unit that is laced with all the latest equipments and machinery is provided for the attainment of organizational goals. Similarly, our skilled workers ascertain top quality level of manufacturing of products. We lay prime emphasis on the training & grooming of our production team, as they are the base of our firm. Also, we regularly work towards maximizing the trust of clients in our brand by delivering them quality products as per their needs. We have large distribution network in all round the nation that enables us to deliver on time to our worthy clients.

In the leadership of **Mr. Subhash Patel** (Owner), under his guidance we have reached at the apex of success. Working in this way is the...
